

PRESS RELEASE

April 7 , 2009

ANOTHER INNOVATIVE SERVICE FROM DENİZBANK

Payments of Social Security Institution contracted healthcare providers will now be realized through DenizBank...

Putting its signature under innovative products and services, DenizBank will now mediate the payments of the Social Security Institution (SGK) to contracted pharmacies, hospitals and healthcare providers within the framework of the protocol signed with the SGK on 31 March 2009.

SGK-contracted healthcare providers will be able to receive their healthcare payments from a DenizBank branch of their choice by applying to the provincial directorates of SGK to which they report.
