

## ANOTHER INNOVATIVE SERVICE FROM DENİZBANK

With the unification of the Social Insurances Institution (SSK), Self-Employed Insurance Institution (Bağ-Kur) and the Civil Servants Retirement Fund under the umbrella of Social Security Institution (SGK), DenizBank will mediate the payments and collections of the institutions with its new services.

Putting its signature under innovative products and services, DenizBank, which previously mediated only the premium collections of SSK, will now mediate the premium collections of Bağ-Kur along with SSK within the framework of the protocol signed with the Social Security Institution.

In line with this protocol, DenizBank, which has been performing the salary payments of people who are retired from the Civil Servants Retirement Fund since 2004, will also perform the salary payments of those who are retired from SSK and Bağ-Kur.
